

ONECARE SPA

Hilton Head Island

Unlock radiant health and beauty from within. Our founder, Dr. Andrew Binamira, brings 26+ years of medical expertise to our state-of-the-art spa.

Experience personalized care with cutting-edge technology, medical-grade skincare, and expert practitioners. Book your appointment today and start your journey to wellness.

With over 80 years of medical experience combined, our staff of highly trained professionals is here to guide you through your aesthetic journey.

All of our staff have been expertly trained on our Cutera devices and are certified by Hydrafacial to perform the Hydrafacial Services.

ABOUT US

Upon entering OneCarespa, you walk into our beautiful and relaxing waiting room- complete with plush couches, chairs, a relaxing fountain, dim lighting, and light music. It is the perfect area to wind down before your appointment.

In the waiting area we also have our Demo-Kitchen, this is where we will be holding Healthy Cooking Seminars in the near future. As you turn down the hallway you will see that we have 5 treatment rooms, all with their own theme and treatment machine. Each room has a flat screen tv, that plays soothing music throughout your treatment, and a comfy treatment chair.

Make sure to ask one of the staff which room is their favorite! After passing the first set of treatment rooms you will see one of our 2 relaxation rooms. Relaxation Rooms are just that, an area to relax before or after your treatment. We have 3 restrooms on property, one being a master bath with a full walk-in waterfall shower, which you can use before or after your treatment. After your treatment you will make your way to our checkout area, where you can purchase your products and schedule your next treatment.
